

# PPL ELECTRIC BUSINESS ENERGY EFFICIENCY PROGRAM

Focus in on your energy efficiency goals with our Business Energy Efficiency Program. Discover incentives on a wide variety of energy-efficient upgrades for large and small businesses that can help reduce payback time and offset the cost of your projects.

## Your guide to savings

Participating in the Business Energy Efficiency Program is simple and straightforward. Our team is ready to assist you every step of the way.

To claim an incentive, use the following steps. Some steps may vary or be handled by your contractor.

1. **Identify energy efficiency projects** for your business.
2. **Submit an incentive application** in our portal.
3. Have your contractor **install your energy-efficient equipment or systems**.
4. **Await your final review**. This may require on-site verification.
5. **Receive your incentive check** approximately four to six weeks after the final review.

## Incentive structure for businesses

Project Category	Incentive
 Solar and Combined Heat and Power	\$0.08/kWh
 Prescriptive Projects	\$0.10/kWh
 Custom Projects	\$0.15/kWh
 Direct Discount Lighting, Efficient Equipment and Custom Projects	\$0.20/kWh
 HVAC Tune-Ups*	Under 1 ton: \$60 1-5 tons: \$75 5-20 tons: \$125
 ENERGY STAR® Certified Smart Thermostats	\$15/unit

## Start saving

Visit [ppllectric.com/BusinessRebates](https://ppllectric.com/BusinessRebates) or contact our team at **1-866-432-5501** or [PPLBusiness@clearesult.com](mailto:PPLBusiness@clearesult.com).

Pre-approval is not required for prescriptive or custom applications but is recommended. The Direct Discount Program requires pre-approval prior to construction beginning on all projects other than HVAC tune-ups and smart thermostats. All projects must be submitted, with all documentation in good order, within 180 days of the project completion date. Incentives are capped at 50% of project cost, up to \$500,000. Incentives for Direct Discount Program are capped at 80%.

\*Standard prescriptive application required. HVAC tune-up applications must include before- and after-cleaning photos and nameplate photo in place of specification sheets. Customers cannot have a current HVAC maintenance contract or have received a tune-up in the last three years to be eligible.

Incentives and discounts are for business PPL Electric customers and are subject to customer meeting program eligibility. The costs of energy efficiency programs are recovered through customer rates in accordance with Pennsylvania Act 129 of 2008. PPL Electric Utilities assumes no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of any contractor. Refer to Terms and Conditions at [ppllectric.com/BusinessRebates](https://ppllectric.com/BusinessRebates).
