You will need to provide your PPL account number to the participating distributor along with contact information and the physical address where the product is being installed.
- 6 Can I install the lighting myself or do I need to use a contractor?**

- 12 Are there limitations to the amount of Instant Discount incentives available for a customer or a project?**  
Each product type has specific guidelines and larger projects resulting in an incentive value of \$3,000 or higher require pre-approval. Consult your distributor.
- 13 Will someone follow up on my lighting installation?**  
It is possible that customers will be contacted by a representative of the PPL Instant Discounts for Lighting Program or a third-party evaluator to verify installation is complete. This may be done through phone and/or on-site visits.
- 14 How do I know if the PPL Instant Discounts Program is the right program to use?**
